

FEBRUARY 15, 2007 PUBLIC HEARINGS, REGULAR TOWN BOARD MT.

Present at meeting:	Ralph Bentley	Supervisor
	Frank Hill	Councilman
	Kenneth Higgins	Councilman
	Robert Olson	Councilman
	Shirley Hayes	Councilwoman
Mark Schachner, Esq.	Town Counsel	
Gary McMeekin	Zoning Officer	
Paul Smith	Highway Superintendent	
Arlene Mayer	Town Clerk	

Also: Queensbury Supervisor Dan Stec, Sandy Smith, Bill Bruce, Mrs. Leidy, Mr. & Mrs. Brandon Himoff, Christine Smith-Hayes, Mr. & Mrs. Jack Assman, Mike Raymond, George Stec.

Supervisor Bentley opened the first public hearing at 7:00 PM and the clerk read the legal notice from the Adirondack Journal.

The first public hearing is for the additions to Section 4-Definitions. The main amendments have already been approved, but there is an additional sentence added to the "Garage, Residential" definition that states "Detached garage not to be habitable space and within which space no business activity or industry connected directly or indirectly with motor vehicles is conducted". Also, a new proposed definition, "Garage, Commercial" to be added.

Supervisor Bentley then asked for comments from the guests. Mr. Mike Raymond asked if he could have a garage for a guesthouse. Counselor Schachner said that garage would have to be counted as part of the allowable floor space for the guesthouse. Mr. Raymond asked about having an apartment above the garage as the guesthouse. Would this be permitted? Counselor Schachner said he believed it would as long as it did not exceed allowable space. Mr. Himoff asked about plumbing in the garage. Supervisor Bentley said the definition allows for a hand sink and toilet. There were no further questions regarding these proposed amendments. This public hearing was closed at 7:07 PM.

Supervisor Bentley opened the second public hearing at 7:15 PM and the clerk read the legal notice from the paper. This public hearing is regarding the proposed changes to Section 8.20 of the Zoning Ordinance and applies to the "Land Use Regulations, Commercial/Residential (CR)". It is proposed to return the "Uses permitted by Right" to those stated in the old Zoning Ordinance, thereby moving "Conditional Uses" to "Uses permitted by right". ZO Gary McMeekin stated again "residents in the CR areas should have a say in what happens in those areas". Mr. McMeekin added that projects should not be "rubber stamped" and that waiting time for discussion of proposed projects could be cut down to 2 to 3 weeks and that should not be a hardship for project sponsor. Mr. McMeekin suggested that instead of trying to change this land use the Board should be looking into the Land Conservation Area (LC) as this is what is holding up residents. Mr. Bill Bruce, Chairman of the Planning Board, said that passing the amendment to change the CR uses permitted by right would be a disservice to neighbors and would curtail valuation and regulation of any proposed businesses. Mr. Bruce continued saying that the Town is now in the midst of a large scale evaluation project to find out what the Town wants and needs. Mr. Bruce said it is inadvisable to make a major change such as this because you are not allowing the public to have a say. Chairman Bruce also speaks for the Planning Board on this issue. Councilman Olson said he agrees the concern is valid and because he is the person responsible for introducing this amendment he will withdraw it until the Master Plan is completed. Councilman Olson said his proposal is "possibly premature but he wants the Town to appear business friendly". Councilman Olson then introduced the following Resolution:

RESOLUTION NO. 36 OF 2007

Messrs. Olson & Higgins introduced Res. 36 and moved its adoption:

RESOLUTION TO WITHDRAW ZONING AMENDMENT PROPOSAL

OLD BUSINESS-

CSEA Medical Insurance- The CSEA Unit has decided against having the same insurance plan as the rest of the Town. Councilwoman Hayes asked how they can make that decision? Councilman Hill said it is in their contract that the Town must supply them with insurance that is "as good or better" than what they had. When the Town went into a different type plan in January the highway employees met with their CSEA Representative and decided they wanted a plan different than what we had. The Plan they wanted was Empire Blue Cross HMO Option # 5. Supervisor Bentley said their plan will be cheaper for the Town in the long run. A Resolution is needed to send to the CSEA Unit to let them know the Town has authorized the change.

RESOLUTION NO. 39 OF 2007

Messrs. Higgins & Olson introduced Res. 39 and moved its adoption:

**RESOLUTION AUTHORIZING CHANGE OF INSURANCE

We need help in drawing up the specifications needed to begin this project. He will contact Chuck Hilton regarding his electrical knowledge.
